4 Subpart 1. **Definitions.** For this part, the following terms have the meanings given
5 them.

6 [For text of items A to T, see M.R.]

7 U. "Partial hospitalization" or "partial hospitalization program" means a
8 time-limited, structured program of psychotherapy and other therapeutic services as
9 defined in United States Code, title 42, chapter 7, subchapter XVIII, section 1395x, (ff),
10 and provided in an outpatient hospital facility or community mental health center that
11 meets Medicare requirements to provide partial hospitalization services, and which
12 submits proof of Medicare enrollment to the department. Partial hospitalization is an
13 appropriate alternative or adjunct to inpatient hospitalization for a client who is
14 experiencing an acute episode of mental illness that meets the criteria for an inpatient
15 hospital admission as specified in part 9505.0540, subpart 1, and who has the family and
16 community resources necessary and appropriate to support the client's residence in the
17 community. Partial hospitalization consists of multiple and intensive therapeutic
18 services provided by a multidisciplinary staff to treat the client's mental illness. The goal
19 of partial hospitalization is to resolve or stabilize an acute episode of mental illness.
