Minnesota Voter Information Statistics

Each column shows a different statistic:

Registered as of 7AM shows the number of names on the precinct roster at the time the polls opened; the number of pre-registered voters.

Registered on Election Day shows the number of voters who completed voter registration applications to register to vote or to update existing voter registrations.

Absentee Ballots Regular shows the number of regular full-precinct ballots submitted by absentee voters who reside in Minnesota.

Absentee Ballots Federal shows the number of federal office ballots submitted by absentee voters who reside permanently outside of the United States.

Absentee Ballots President shows the number of president-only ballots submitted by absentee voters who previously resided in Minnesota and were permitted to vote for president in Minnesota under federal law.

Total Voting is the number of ballots cast in each county; equals the total number of voters who voted by absentee ballot added to the total number of voters who voted in person. (The in-person statistic is not separately shown.)
